PLEASE READ THESE IMPORTANT NOTES ABOUT CONTRACTOR MEMBERSHIP IN ILCPA:

1. Contractor members are obligated to pay local assessment dues in affiliated areas that they perform work.
2. The assessment rates, collection timing and other requirements of the ILCPA apply to the work within its territories performed by any contractor member.
3. Assessment rates, assessable items and other requirements are established by the ILCPA Board of Directors and apply to the work within its territories performed by any contractor member.
4. Once established, all contractor memberships are considered active unless a letter of resignation of membership is received in writing at the Association headquarters office.

I have read and understand the membership criteria stated above (please check box): YES NO

DUES and ASSESSMENT RATES:

The Illinois Concrete Pavement Association (ILCPA) dues are based on the Illinois Department of Transportation Rules for Prequalification of Contractors, Authorization to Bid, Subcontractor Registration guidelines. The categories and associated dues are as follows:

Category 2. Portland Cement Concrete (PCC) Paving.....	\$2000.00/yr.
Category 17. Concrete Construction.....	\$1000.00/yr.

Description: 2 – PORTLAND CEMENT CONCRETE (PCC) PAVING Consists of constructing PCC pavement, continuously reinforced PCC pavement, PCC base course and PCC base course widening, cement aggregate mixture sub-base, pozzolanic stabilized mixture sub-base and pozzolanic stabilized

base course. This category is also applicable to Concrete Construction. EQUIPMENT: A central mix plant or a batch plant with truck mixers, formless paver and finishing machine. A concrete plant with either a formless paver or a finishing machine is the minimum equipment requirement.

Description: 17 – CONCRETE CONSTRUCTION Consists of masonry work or the construction of concrete barrier, curb, gutter, combination curb and gutter, sidewalk, driveway pavement, median, paved ditch, flumes, slope wall, retaining wall, railroad crossing, pavement, base course, base course widening and all types of pavement patching. This category also includes construction of revetment mats (cast-in-place concrete slabs), construction of foundations (light pole, light tower, etc.) and various undersealing projects that allow the voids to be filled by gravity flow. Removal of concrete that consists of any of the aforementioned items or similar items is applicable to this work rating. This category is also applicable to construction of box culverts and other similar miscellaneous drainage structures. The total of pavement, base course and base course widening cannot exceed 15,000 square yards in any one contract. This work can also be completed under the PCC Paving and Structures (Highways, Waterways) categories. EQUIPMENT: Concrete saws, generators, vibrators, forms, tampers, screeds and concrete placement equipment.

ILCPA assessments are directly proportional to the volume of applicable work awarded to your company. Assessments are a reflection of the value of the research, policy and standards creation/monitoring, promotion and other Association efforts that create the opportunities for projects, as well as the technical service that may be required on a project. Assessments are only applied to the type of work that the Association promotes, including highway, airport, street, road, industrial concrete paving and repair. Specialty concrete paving, such as roller-compacted and pervious concrete are also included.

Total Assessment Rate: \$1.80/\$1000.00 of assessable work

ILCPA MEMBERSHIP IS TAX DEDUCTIBLE:

The ILCPA is a 501(c)6 organization. For federal tax purposes, contributions to the ILCPA are a deductible business expense. For 2023, no portion of ILCPA dues are contributed to political campaigns or candidates.
